Vision Object Analytic Identify people, vehicles and attributes 	Deep Search Available with supported platform 
Smart VCA Accurate detect incidents 	Trend-Micro™ IoT Security Defend and Quarantine Vulnerability Protection 

Small Design & Easy Maintenance

Compact design

Despite its coffee cup-sized dimensions, this compact camera delivers sophisticated surveillance capabilities without compromising performance, ideal for space-constrained environments.

As compact as Grande(16OZ) coffee

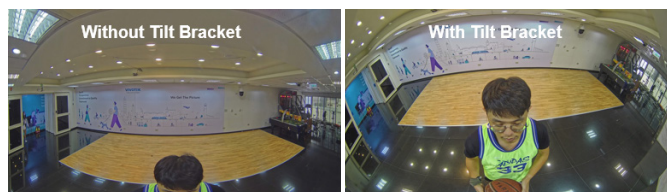

Rain/Snow protection sunshield (Outdoor Model)

The included sunshield provides an extra layer of protection. It minimizes the impact of rain, snow, and dirt buildup, significantly reducing maintenance needs.

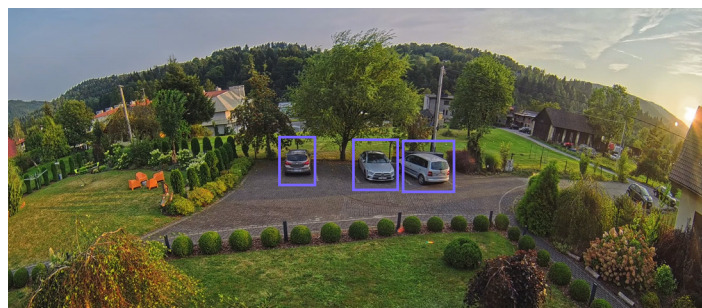

Enhanced coverage with included tilt bracket

Included tilt bracket offers more flexibility. It allows you to tilt and adjust the camera angle up to 20 degrees, ensuring you can capture even hard-to-reach areas and eliminate potential blind spots.

180-degree View with Advance Analytics

180-degree view with clear evidence

Eliminate blind spots and gain a complete picture of your surroundings with its expansive 180-degree field of view. This empowers you to see everything, from every angle.

See clearly, night and day

The Compact Panoramic AI camera boasts a cutting-edge Smart IR (Infrared) technology. With an effective night vision range of up to 20 meters, you can rest assured that your property is under constant surveillance, day and night.

AI detection for accurate alarm

VIVOTEK Smart VCA offers precise object and attribute tracking, providing detailed video analytics for targeted monitoring and quick searches.

Complete Video Security with VIVOTEK Solution

Access and manage all devices and accounts through a single platform, providing accurate event monitoring and intuitive security system operation video investigation no matter where you are.

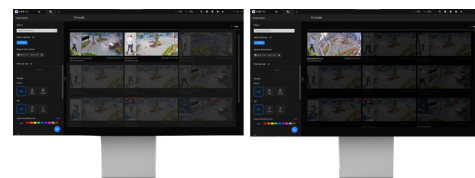

Consolidate two alarms into one

Since the Compact Panoramic AI Camera captures a 180° field of view, many use it to replace two cameras with one. Therefore, it consolidates alerts from two cameras into a single notification, allowing users to react promptly and effectively without being misled by repeated alerts.

Consolidate two search into one

As the Compact Panoramic AI Camera captures a 180° field of view, many use it to replace two cameras with one. Therefore, efficient footage search is simplified by replacing two search into a single, user-friendly interface, facilitating post-incident analysis without repeatedly checking images from different angles.

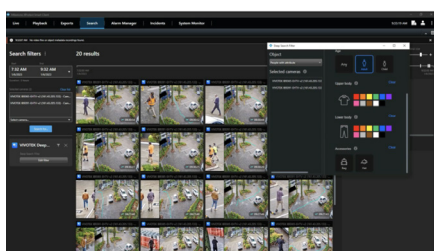

Evidence archived and share through cloud safely

Unlimited evidence filing with cloud archive, avoid recording recycle or unexpected storage error or tampered. Also, user can share the video through URL ensures file validation.

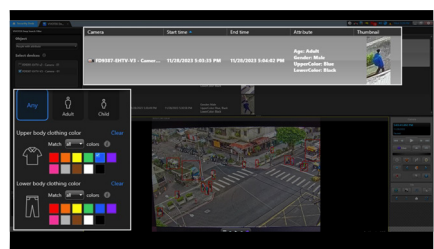

Unified experience on Milestone and Genetec

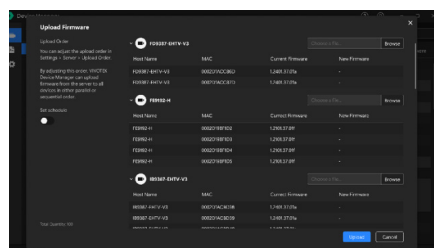

Milestone XProtect

Easily enhance your Milestone XProtect with VIVOTEK's AI cameras for instant search evidence by attributes

Genetec Security Center

Optimize your Genetec Security Center with VIVOTEK's AI cameras for quick evidence searching through Deep Search and export search report.

VIVOTEK Device Manager – Batch Configuration

Device Manager quickly configure your cameras and NVRs. With our batch configuration, IP allocation, HTTPS/IEEE certificates, and firmware updates have never been easier, ensuring the system is always up-to-date and streamlined.
