

LumiCloud Solar Trailer License

LCL-ST4

Key Features

- One-Year Subscription License
- Real-Time Monitoring
- Event-Based Video Recording
- System and Device Health Monitoring
- Alerts and Notifications
- Data and Reporting

Compliance

- NDA A Compliant

Overview

The LumiCloud Solar Trailer License includes a one-year license with support for up to four (4) channels for the LumiGuardian Solar Trailer, a portable, solar-powered surveillance system built for outdoor use. The trailer operates on solar energy with an internal battery for continuous power. It displays real-time battery and solar panel status and is equipped with a built-in GPS module for accurate location tracking.

Key Technology

With a LumiCloud solar trailer license, users can authorize devices for sub-account management or revoke authorization for enhanced security and troubleshooting. Live streams and events can be shared with third parties for increased situational awareness. The license also enables enhanced remote control and functionality including over-the-air updates, remote light control, and loudspeaker broadcasting and alarms.

System Requirements and Technical Specifications
