

Datasheet

RX - Black 433 MHz Remotes

Product Description

The RADIUM remotes are compatible with all standard 433 MHz RADIUM wireless receivers. They have been designed with a high security coding system (KeeLoq® Hopping code). A special algorithm ensures a continuous synchronization between the receiver and transmitter.

Ideal for triggering automatic doors and gates. This range includes a 1, 2 and 4-channel transmitter. All of which can also be equipped with a passive tag.

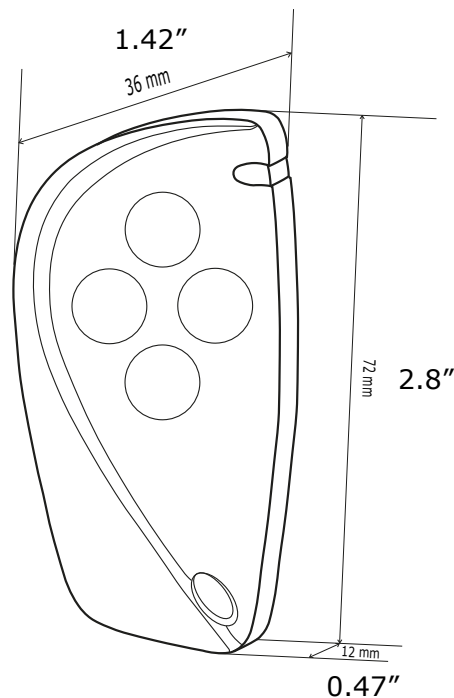

Key Features

- Ergonomic design
- Compatible with standard RADIUM receivers
- Up to 820 ft (250 m) range
- Batteries included (CR2016)

Product Specifications

Material:	Polycarbonate
Technology:	Radio
Channels:	1, 2 or 4 (by model)
Frequency:	433.92 MHz
Modulation:	AM/ASK
Encoding:	KeeLoq® Hopping code
Read range:	820 ft (250 m)
Code combinations:	2 ⁶⁴
Weight:	1.06 oz, 30 g

Electrical Specifications

Battery:	6 VDC, 2xCR2016 lithium
Consumption:	15 mA

Also available with built-in tag

RXC

Remote with CDVI tag

RXH

Remote with HID tag

RXP

Remote with PARADOX tag
