DIMENSIONS

SPECIFICATIONS

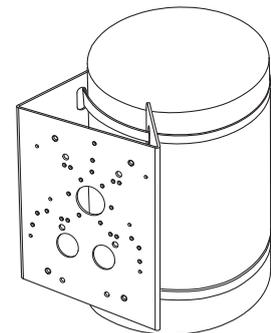

Construction: Steel

Finish: Light-gray

Environment: Indoor/Outdoor for a pole like structure

Pole Size: \varnothing 3.94" - 7.87" (100~200mm)

Weight: 2.6 lb (1.2kg)

INSTALLATION

1. Feed the straps through the vertical slits located on the four corner of the mount adaptor.
2. Wrap the straps around the pole then use the driver to rotate the screw that is attached at the ends of the straps. Rotating the screw shorten the straps thereby fastening the mount around the pole.
3. Attach the cameras* to the pole mount adaptor predetermined their mounting holes.

(*) Using the supplied screws with the camera packing you wish to mount.

REFERENCE of MOUNTING HOLES

Refer to the camera instruction manual for their mounting process.
